***Beauty Director Eva Chen shares the hottest trends, backstage know-how, and must-have products.

Nectar of the gods

Random food musing: For those of you who live near a **Whole Foods**, run, don't walk, to try this delicious delicious beverage. I am fully addicted to **Amy & Brian's** coconut juice!!! It's very light—the perfect summer refreshment... It is SO good! Your tastebuds will dance with delight, I promise.
